NTS (NARODNYI TRUDOVOI SOIUS)

1. National labor organization or alliance; is one of the oldest White Russian, anti-Bolshevik, emigrant groups reportedly penetrated by pro-Soviet elements who pushed the older leaders in an effort of bold political agitation for the purpose of discrediting the organization.
2. While overtly anti-Moscow in aims, thoroughly penetrated by Communists.
3. One of the general categories of organizations to be investigated by the MGB or MVD according to orders issued by GenPolk. KUTZNEZOV, Chief of the Political Section of the Soviet Second Occupation Army, which calls for the registration of untrustworthy and counter-revolutionary elements in Soviet ~~territory~~ occupied territory.
4. Another interpretation of the initials NTS is NATSIONALI TRUDOVOI SOIUS, however, characterized in this report as extreme leftist organization and "closest to Communist".
